Welcome to the Isle of Dogs

Do you know where your nearest primary school is?
Would you like to register with a doctor but don't know where to start?
Would you like to know about Local Community Organisations, the services they offer and how you can get involved?

This booklet is for you!

Island Homes are aware that as new residents, it can be difficult to find out about all the services and activities based in your local area.

As such, we have put together a list of organisations which may be able to support you with a wide variety of needs.

In addition to these, the Community Investment Team at Island Homes and One Housing Group (OHG) will be running a series of projects for your benefit.

They include:

Youth Services Sessions — leisure and social activities for young people between 8 and 19 years of age.

'New Home—New Skills—New Job' - an employment training, information, advice and guidance service.

Football Coaching Training — a 4 day course which qualifies you to work on behalf of the FA to coach young people.

Building Financial Awareness for Families — access to information and events on financial issues, managing money and cutting expenses.

A brand new Community Centre, Phoenix Heights, at Mastmaker Road.
